Garden View Nurseries

W. A. Natorp Co

'''

Entrance Drive to Garden View

Come and See Garden View

Our Nursery and Sales Grounds are located at 4400 Reading Road, five miles from Fountain Square, and may be easily reached by auto, bus or street car.

In connection with our nursery we have large trial and display grounds where you may see the plants growing and blooming. Garden View is open to visitors daily and Sunday until sundown. Visitors may come anytime without any obligation to buy.

Business hours 7 a. m. to 5:30 p. m. week days only.

Our large nursery, where most of our plants are growing, is located on Montgomery Road, Silverton. Every year we receive new plants from all over the world and the U. S. Government for try-out. After a few years of trial we recommend and sell only such new varieties that have proven altogether hardy in this section.

There is a great advantage in buying locally grown plants. In Greater Cincinnati we have a very heavy clay soil. Plants that have been growing in light and sandy soil have a fine root system and will not do as well when transplanted in our heavy soil.

The W. A. NATORP CO.
Landscape Architects

Phones: Norwood 3843-264

4400 Reading Road, Cincinnati, Ohio

We are Members of the Cincinnati Association of Contracting Landscape Architects, and the Ohio Association and American Association of Nurserymen.

BUSINESS TERMS AND SUGGESTIONS

Prices in this catalogue are f. o. b. Garden View. Packing for out-of-town shipments will be charged at cost. Orders amounting to \$10.00 or more will be delivered free of charge in Greater Cincinnati. A small charge for delivery will be made for small quantities.

Directions for Ordering. Write plainly and give correct address. During the Spring months we are unusually busy and some varieties of plants are sold out before the season is over. It is advisable to order as early as possible. Five plants will be furnished at the ten rate, twenty-five at the hundred rate.

Inspection. Our plants are regularly inspected, and a certificate of inspection will be attached to each shipment.

Terms. We expect cash with orders except to parties satisfying us as to their responsibility.

Guarantee. All plants sent out by us must be healthy and free of disease, true to label and description in catalogue. Errors may sometimes occur. We will refund money or replace any plants that do not come up to the above specifications.

We have no control after plants leave our hands, and we cannot be responsible for any plants that fail to grow. Plants are living organisms, and their success depends upon the care you give them. Treat them well. Do not hesitate to write or call us if you wish any information.

How to Plant. With each order we will furnish a small booklet explaining in detail how to plant.

When to Plant. The best time to plant and ship Nursery Stock is from the middle of March to the middle of May. However, Garden View Nursery Stock, due to our method of keeping it dormant, may be planted any time during the summer.

Landscape Service. We maintain a large, thoroughly trained landscape organization. Our service covers every phase of landscape work, from planning to planting. If you contemplate any large planting we shall be glad to furnish sketch and estimate.

Trusting to be favored with your patronage and promising our best efforts to give satisfaction, we are,

Yours respectfully,

THE W. A. NATORP COMPANY
Garden View

"Garden View"

EVERGREENS

Garden View Evergreens are dug with a ball of earth around the roots, which is secured with a burlap bag. The average matured height is shown following genus name. The height following species name is the height we have for sale.

ABIES CONCOLOR (70' to 80') *White Fir*
Grows quickly and symmetrically. Large gray-green needles. Very good specimen plant.
2 to 2½ feet, B. and B. \$ 7.50 each
Large specimens..... 25.00 each

ABIES DOUGLASI (70' to 80'). *Douglas Fir*
Rapid grower, very hardy, dark bluish green.
2 to 3 feet..... \$ 4.00 each

NORDMANNIANA. *Nordmann Fir*
Tall dark glossy green foliage.
3 to 4 feet..... \$ 6.00 each

VEITCHI. *Veitch Fir*
Most rapid grower of Fir. Very hardy, one of the most beautiful Firs when young.
4 to 5 feet..... \$10.00 each

BIOTA ORIENTALIS (20' to 25'). *Oriental Arbor Vitae*
Stiff columnar habit; bright green foliage, good accent plant.
2 to 3 feet..... \$ 3.00 each
3 to 4 feet..... 4.00 each
4 to 5 feet..... 5.00 each
6 to 8 feet, Special heavy..... 15.00 each

— **aurea conspicua.** *Goldspire Arbor Vitae*
Interesting novelty. Conspicuous golden color in summer. Peculiarly shaded in winter; pyramidal shape.
3 to 4 feet..... \$ 7.50 each
4 to 5 feet..... 10.00 each

— — **aurea nana (21½' to 3').** *Berckman's Golden Arbor Vitae*
A gem for dwarf planting and for urns. Compact, roundish formal.
15 to 18 inches..... \$ 3.50 each
18 to 24 inches..... 5.00 each
24 to 30 inches..... 7.50 each
30 to 36 inches..... 10.00 each

— — **compacta.** *Siebold Arbor Vitae*
2 to 3 feet..... \$ 5.00 each

Evergreens

- JUNIPER CHINENSIS (15' to 20').** *Chinese Juniper*
 Pyramidal outline, silver green scale like foliage, dense habit.
 3 to 4 feet.....\$ 6.00 each
 4 to 5 feet..... 7.50 each
- **pfitzeriana (5' to 6').** *Pfitzer Juniper*
 Broad bushy habit, silver green foliage, feathery appearance, very adaptable.
 1½ to 2 feet.....\$ 3.50 each
 2 to 3 feet..... 5.00 each
 3 to 4 feet..... 7.50 each
 4 to 5 feet.....\$12.50 to 15.00 each
 Special large specimens..... 25.00 to 75.00 each
- **commonis canadensis (2½' to 3')** *Canadian Juniper*
 Low vase shaped bush. Foliage dark green above, bluish underneath.
 2 to 3 feet.....\$5.00 and \$ 6.00 each
- **depressa plumosa,** *Purple Spreading Juniper*
 Fall and Winter foliage tinged with rich purple. New.
 18 to 24 inches.....\$ 5.00 each
- **japonica (3' to 4').** *Japanese Juniper*
 Spreading habit, dark green, adapted to rock plants.
 2 feet.....\$ 5.00 each
- **aurea (3' to 4').** *Golden Japanese Juniper*
 Same as above but with bright yellow foliage.
 2 feet, rare.....\$ 7.50 each
- **excelsa stricta.** *Spiny Greek Juniper*
 Close growing, pyramidal form; gray green foliage.
 2 to 3 feet.....\$ 4.00 each
 3 to 4 feet specimen.....\$7.50 to 10.00 each
- **horizontalis (sabina prostrata) (1' to 1½').** *Creeping Savin*
 Branches trail along ground. Adapted to rock work and ground covering.
 1½ to 2 feet.....\$3.00 to \$ 5.00 each
- **horizontalis douglasi (6" to 8").** *Hill's Waukegan Juniper*
 Very desirable creeper, low and compact. Foliage soft blue in spring, rich purple in late fall.
 1½ to 2 feet.....\$3.00 to \$ 5.00 each
- **scopulorum.** *Colorado Juniper*
 Beautiful blue foliage, variable in habit, very adaptable.
 3 to 4 feet.....\$ 5.00 each
 4 to 5 feet..... 7.50 each
 5 to 6 feet specimen.....\$10.00 to 15.00 each

JUNIPER VIRGINIANA (25' to 30'). *Red Cedar*

Compact column form, deep green foliage, purplish in winter. Useful in formal work or mixed plantings.

3 to 4 feet.....	\$ 6.00 each
4 to 5 feet.....	8.00 each
6 to 7 feet specimen.....	\$12.00 to 15.00 each

— — cannartii (15' to 20'). *Cannart Red Cedar*

Compact pyramidal; dark green foliage.

4 to 5 feet.....	\$10.00 each
5 to 6 feet.....	15.00 each
Large specimens.....	\$25.00 to 100.00 each

— — glauca (15' to 20'). *Silver Red Cedar*

Bluish gray foliage. Good specimen plants.

4 to 5 feet.....	\$10.00 each
5 to 6 feet.....	15.00 each
Large specimens.....	\$25.00 to 100.00 each

PICEA CANADENSIS (alba) (50' to 60'). *White Spruce*

Compact upright grower, silvery foliage, shapely specimen.

6 to 7 feet specimen.....	\$10.00 to \$15.00 each
---------------------------	-------------------------

— excelsa (80' to 100'). *Norway Spruce*

Rapid grower, dark green foliage, good for windbreaks and hedges.

2 to 3 feet.....	\$ 3.00 each
3 to 4 feet.....	4.00 each
4 to 5 feet.....	5.00 each
5 to 6 feet.....	7.50 each

— pungens glauca (60' to 80'). *Colorado Blue Spruce*

Rich, silvery blue color, slow growing, symmetrical habit. Very desirable specimen.

1½ to 2 feet.....	\$ 6.00 each
Specimen.....	\$25.00 to 40.00 each

— — glauca Kosteri. *Koster's Blue Spruce*

Same general characteristics as above but more uniform in color. Most desirable of all.

2 to 3 feet.....	\$15.00 each
3½ to 4 feet.....	35.00 each

PICEA ORIENTALIS. *Oriental Spruce*

Pyramidal, dark green, valuable for grouping or specimens.

2 to 3 feet. Rare.....	\$12.00 to \$15.00 each
------------------------	-------------------------

PINUS MONTANA MUGHUS (2½' to 3'). *Mugho Pine*

Round-topped clump in form; dark green foliage. Good for rock and foundation planting.

12 to 15 inches.....	\$ 3.00 each
18 to 24 inches.....	5.00 each

— nigra austriaca (60' to 70'). *Austrian Pine*

Rich dark green. Vigorous dense grower, very hardy.

3 to 4 feet.....	\$ 6.00 each
4 to 5 feet.....	8.00 each
Heavy specimen.....	\$25.00 to 35.00 each

— ponderosa. *Western Yellow Pine*

Rapid growing Pine. Silver green foliage.

3 to 4 feet.....	\$ 5.00 each
------------------	--------------

— strobus (80' to 100'). *White Pine*

Soft, light silvery green foliage. Branches horizontal.

3 to 4 feet.....	\$ 6.00 each
4 to 5 feet.....	8.00 each
Specimen.....	\$15.00 to 35.00 each

— sylvestris (25' to 30'). *Scotch Pine*

Rapid growing, bluish green foliage. Good for screening.

3 to 4 feet.....	\$ 6.00 each
4 to 5 feet.....	8.00 each
Specimen.....	\$15.00 to 40.00 each

RETINOSPORA PISIFERA (25' to 30'). *Sawara Cypress*

Quick growing graceful tree, light green feathery foliage. Loosely pyramidal.

18 to 24 inches.....	\$ 2.50 each
3 to 4 feet.....	4.00 each
4 to 5 feet.....	6.00 each
Specimens.....	\$10.00 to 12.00 each

— — **aurea (25' to 30').** *Golden Sawara Cypress*

Golden feathery foliage.

18 to 24 inches.....	\$ 3.00 each
2 to 3 feet.....	5.00 each
3 to 4 feet.....	7.50 each
Specimens.....	\$12.50 to 15.00 each

RETINOSPORA PISIFERA FILIFERA (15' to 20').*Thread Branched Cypress*

Long stringy drooping branches and bright green foliage.

18 to 24 inches.....	\$ 5.00 each
Specimens.....	\$7.50 to 10.00 each

— — **plumosa (25' to 35').** *Plume Cypress*

Dense cone of fine texture, light green color. Can well be sheared.

18 to 24 inches.....	\$ 2.50 each
2 to 3 feet.....	3.50 each
3 to 4 feet.....	5.00 each
4 to 5 feet.....	7.50 each
5 to 6 feet.....	10.00 each

— — — **aurea (20' to 25').** *Golden Plume Cypress*

Golden foliage. One of the most popular of all evergreens.

2 to 3 feet.....	\$ 4.00 each
3 to 4 feet.....	6.00 each

— **squarrosa veitchi (25' to 30').** *Veitchi Moss Cypress*

Foliage blue gray, feathery and dense. Broad pyramidal outline when young, soft appearance.

2 to 3 feet.....	\$ 4.50 each
3 to 4 feet.....	6.00 each

TAXUS baccata aurea. *Golden English Yew*

Exceptionally rich golden tinged foliage.

Specimens 3 to 4 feet.....	\$15.00 to \$20.00 each
----------------------------	-------------------------

— **cuspidata (4' to 5').** *Japanese Yew*

Spreading bushy habit. Dark green foliage. Valuable in foundation plantings.

15 to 18 inches.....	\$ 4.00 each
2 to 2½ feet.....	7.50 each
Specimens.....	\$10.00 to 15.00 each

— — **nana (brevifolia) (2' to 3').** *Dwarf Japanese Yew*

Slow and irregular growing, spreading habit, very hardy.

12 to 15 inches.....	\$ 3.50 each
----------------------	--------------

— **Erecta (5' to 10').** *Upright English Yew*

3 feet specimen.....	\$10.00 each
----------------------	--------------

— **repandens.** *Spreading English Yew*

2 feet.....	\$ 6.00 each
-------------	--------------

THUJA OCCIDENTALIS (15' to 30').*American Arbor Vitae*

Bright, green, scaly foliage. Slender pyramid. Bronzy winter coloring. Good for accent or hedge planting.

2 to 3 feet.....	\$ 3.00 each
3 to 4 feet.....	4.50 each
4 to 5 feet.....	6.00 each
Specimen.....	\$10.00 to 15.00 each

— — **Ellwangeriana (4' to 6').** *Tom Thumb Arbor Vitae*

Low, broad, compact variety with dense foliage. Rich purple winter coloring.

2 to 3 feet.....	\$ 3.00 each
3 to 4 feet.....	5.00 each

- — **globosa** (2½' to 3'). *Globe Arbor Vitae*
 Round compact form and dense foliage. Useful in formal work.
 15 to 18 inches.....\$ 2.50 each
 18 to 24 inches..... 4.00 each
 24 to 30 inches..... 6.00 each
- — **pyramidalis** (15' to 30'). *Pyramidal Arbor Vitae*
 Narrow columnar shape, bright green throughout winter. Fine for accents and formal work.
 18 to 24 inches.....\$ 2.50 each
 2 to 3 feet..... 3.00 each
 3 to 4 feet..... 4.50 each
 4 to 5 feet..... 7.50 each
 Specimens.....\$10.00 to 15.00 each
- — **spiralis**. *Spiral Arbor Vitae*
 Dark green foliage; distinct compact, spiral habit.
 3 to 4 feet.....\$ 6.00 each
 4 to 5 feet..... 8.00 each
- TSUGA CANADENSIS** (75' to 90'). *Canada Hemlock*
 Most graceful and adaptable; spreading horizontal branches. Useful as clipped hedge or informal planting. Good in shade.
 2 to 3 feet.....\$ 5.00 each
 3 to 4 feet..... 7.50 each
 4 to 5 feet..... 10.00 each
 5 to 6 feet..... 15.00 each

BROAD LEAVED EVERGREENS

They differ from the needle evergreens by having leaves which are retained throughout the year. Those marked with (*) grow best in acid ground. It is good to plant them in leaf-mold and once a year apply a small amount of Aluminum Sulphate. One pound will treat five square feet.

- ***ABELIA grandiflora** (3' to 4'). *Glossy Abelia*
 White tinged lilac flowers throughout entire summer months.
 2 to 3 feet.....\$ 2.50 each
 3 to 4 feet..... 4.00 each
- AZALEA calendulacea** (4' to 5'). *Flame Azalea*
 Very showy; burnt orange flowers.
 2 to 3 feet.....\$ 3.00 each
- *— **amoena**. *Japanese Azalea*
 Purple red flowers, April.
 1 foot.....\$ 3.00 each
- *— **hinodegiri**. *Red Japanese Azalea*
 Bright carmine pink.
 1 foot.....\$ 3.00 each
- *— **hinamayo**. *Pink Azalea*
 Soft pink.
 1 foot.....\$ 3.50 each
- *— **macrantha**. *Red Azalea*
 Bright carmine, late.
 1 foot.....\$ 3.00 each
- *— **Yaye-giri**. *Red Azalea*
 Semi-double salmon red.
 1 foot.....\$ 3.50 each
- BUXUS (pyramidal and standard)**. *Box*
 Pyramidal, 2½ feet.....\$ 4.00 each
 Standard, 3 feet..... 6.00 each

COTONEASTER franchiti (5' to 6'). *Franchet Cotoneaster*
Box-like leaves; red berries.

2 to 3 feet.....\$ 1.50 each

— **horizontalis (davidiana)** (1' to 1½'). *Rock Cotoneaster*
Small box-like leaves; bright red berries; effective
among rocks.

18 to 24 inches.....\$ 3.00 each

EUONYMUS japonicus (5' to 6'). *Evergreen Burning Bush*
Lustrous, deep green leaves; upright bushy habit.

1 to 2 feet.....\$ 1.25 each

— **patens (sieboldianus)** (6' to 8'). *Spreading Euonymous*
Vigorous grower, broad loose foliage.

2 to 3 feet.....\$ 3.00 each

ILEX crenata (8' to 10'). *Japanese Holly*
Slow grower, box-like leaves, black berries.

15 to 18 inches.....\$ 5.00 each

2 to 2½ feet.....10.00 each

— **opaca.** *American Holly*
Best in moist, partially shaded places. Red berries.

3 to 4 feet.....\$7.50 to \$10.00 each

Specimen.....15.00 each

***KALMIA latifolia** (5' to 7'). *Mountain Laurel*
Cluster of pink flowers in June. Good foliage. Like
shade.

2 to 3 feet.....\$ 3.00 each

LAUROCERASUS schipkaensis. *Shipka Cherry Laurel*
Very ornamental, large shining leaves, very vigorous.

The most hardy of Cherry Laurel.

3 to 4 feet.....\$ 7.50 each

***LEUCOTHOE catesbaei** (3' to 4'). *Drooping Leucothoe*
Attractive white flowers, May. Handsome lustrous
leaves, rich autumn coloring. Good under shade.

2 to 3 feet.....\$ 2.00 each

MAHONIA aquifolium (4' to 5'). *Oregon Holly Grape*
Shining green leaves, turn rich scarlet in autumn.
Yellow flowers in May; blue black fruit. Half shade.

1½ to 2 feet.....\$ 3.00 each

2 to 2½ feet.....4.00 each

NANDINA domestica (4' to 6'). *Nandina*
Foliage light in effect, Beautiful fall coloring. Large
trusses of red berries.

2 feet.....\$ 2.50 each

PACHYSANDRA terminalis (6" to 8"). *Japanese Spurge*
One of best bedding plants for green effect in shade
places.

20c each 10 for \$1.75 \$15.00 per 100

PYRACANTHA coccinea lalandi (9' to 12'). *Laland Firethorn*

Large cluster orange berries in fall.

2 to 3 feet, B. and B.....\$ 5.00 each

***RHODODENDRON carolinianum.** *Carolina Rhododendron*
Low and compact, pale pink flowers.

1½ to 2 feet.....\$ 5.00 each

2 to 3 feet.....6.50 each

*— **catawbiense.** *Catawba Rhododendron*
Rose lavender.

1½ to 2 feet.....\$ 5.00 each

2 to 3 feet.....6.50 each

*— **maximum.** *Rosebay Rhododendron*
Light pink flowers May and June.

1½ to 2 feet.....\$ 5.00 each

2 to 3 feet.....6.50 each

TREES FOR SHADE AND BEAUTY

Today everyone knows the value and use of shade trees. We could not do without them. Imagine our streets, parks and lawns without trees to provide beauty and shade.

All of our trees have been frequently transplanted.

- ACER dasycarpum (60' to 80').** *Silver Maple*
Rapid grower, foliage bright green above, silvery white beneath. Very adaptable.
8 to 10 feet.....\$ 2.00 each
12 to 14 feet..... 4.50 each
- **platanoides (50' to 75').** *Norway Maple*
Most popular street and lawn tree. Foliage dark shining green. Vigorous growing.
8 to 10 feet.....\$ 4.00 each
Specimen..... 20.00 each
- **schwedleri (40' to 60').** *Schwedler Purple Leaf Maple*
Young shoots and leaves of a bright purple. Useful lawn specimen.
7 to 9 feet.....\$ 4.00 each
Specimen..... 25.00 each
- **saccharum (50' to 75').** *Sugar Maple*
Coloring magnificent; vigorous growth. More or less pyramidal.
10 to 12 feet.....\$ 5.50 each
- **wieri (60' to 80').** *Wier Cutleaf Maple*
Graceful drooping form; very desirable.
10 to 12 feet.....\$ 4.00 each
- BETULA alba laciniata (30' to 40').** *Cutleaf Weeping Birch*
Very graceful tree for lawn planting.
6 to 7 feet.....\$ 3.00 each
- **lutea (50' to 70').** *Yellow Birch*
6 to 8 feet.....\$ 4.00 each
- **alba pubescens (30' to 50').** *European White Birch*
White bark; very effective among evergreens.
8 to 10 feet.....\$ 3.00 each
- CARPINUS betulus (30' to 40').** *European Hornbeam*
Golden foliage in autumn. Very hardy. Excellent for specimen trees. Rare.
10 to 12 feet, B. and B.....\$15.00 each
- CATALPA speciosa (30' to 35').** *Western Catalpa*
Very fragrant blossoms of purple and white in June.
8 to 10 feet.....\$ 2.25 each
- FRAXINUS americana (70' to 80').** *White Ash*
Pleasing golden tones in autumn. Fairly rapid grower.
8 to 10 feet.....\$ 3.00 each

- GINGKO biloba (50' to 75').** *Maidenhair Tree*
Picturesque, interesting foliage, similar to maiden hair fern. Immune from insects.
6 to 8 feet.....\$ 3.00 each
- LARIX leptolepis.** *Japanese Larch*
Horizontal branches. Pyramidal head; foliage light green; golden yellow in fall. Desirable specimen tree,
4 to 5 feet, B. and B.....\$ 5.00 each
- LIQUIDAMBAR styraciflua (50' to 60').** *Sweet Gum*
One of best trees for autumn colors. Prefers moist places. Corky bark.
10 to 12 feet, B. and B.....\$ 7.00 each
- PLATANUS occidentalis.** *American Plane Tree*
8 to 10 feet.....\$ 2.50 each
- **orientalis (70' to 80').** *European Plane Tree*
Excellent for park and street use. Rather quick grower.
Excellent shade tree.
8 to 10 feet.....\$ 3.00 each
- POPULUS nigra italica (60' to 80').** *Lombardy Poplar*
Remarkable rapid growth and erect habit. Valued for landscape work and screens.
8 to 10 feet.....\$ 1.25 each
10 to 12 feet.....1.50 each
12 to 14 feet.....2.00 each
- QUERCUS palustris (75' to 90').** *Pin Oak*
Graceful drooping branches. Bright green foliage changing to deep red in autumn. Particularly fitting as street trees and for lawns.
8 to 10 feet.....\$ 5.00 each
12 to 14 feet, heavy.....15.00 each
- SALIX babylonica (50' to 60').** *Babylon Weeping Willow*
Very appropriate for waterside planting. Long pendulous branches.
6 to 8 feet.....\$ 2.00 each
8 to 10 feet.....3.00 each
- **blanda (40' to 50').** *Wisconsin Weeping Willow*
Very hardy for specimen planting.
10 to 12 feet.....\$ 4.00 each
- TAXIODIUM distichum.** *Common Bald Cypress*
Stately tree of pyramidal form; light green feathery foliage.
5 to 6 feet, B. and B.....\$ 5.00 each
- TILIA cordata (60' to 70').** *European Small Leaf Linden*
Symmetrical tree; vigorous growth; foliage silvery beneath, blossoms very sweet scented.
8 to 9 feet.....\$ 6.50 each
- ULMUS americana (80' to 100').** *American Elm*
Vase-shaped drooping branches; very hardy. A fine avenue tree.
10 to 12 feet.....\$ 3.00 each
12 to 14 feet.....4.50 each
- **Moline.**
Large leaf.
8 to 10 feet.....\$ 3.50 each

LARGE TREES

With our special improved equipment we can move large trees, 50 to 75 feet high, and give you shade to order.

See Moving Large Trees, page 29.

FLOWERING TREES

AMYGDALUS communis rosea (10' to 25').*Prunus communis rosea*

Almond, double flowered.

2 to 3 feet.....\$ 1.25 each

— persica (8' to 10').*Prunus persica*

Very decorative flowering; blooms before leaves.

Red flowering peach, 3 to 4 feet.....\$ 1.50 each

White flowering peach, 2 to 3 feet.....1.50 each

ARALIA spinosa (18' to 20').*Hercules' Club*

Tropical effects; white flowers; July; Thorny.

6 to 7 feet.....\$ 2.00 each

CERCIS canadensis (12' to 15').*American Redbud*

Profusion deep pink flowers; April; good foliage. Very effective with dogwood.

5 to 6 feet.....\$ 2.00 each

CHINNANTHUS virginica (15' to 18').*White Fringe*

Fringe-like fragrant flowers in May and June. Purple fruit.

3 to 4 feet.....\$ 2.00 each

CORNUS florida (15' to 25').*White Flowering Dogwood*

White, May. Foliage red in autumn. Among best of spring flowering small trees.

5 to 6 feet, B. and B.....\$ 3.00 each

— rubra (15' to 20').*Red Flowering Dogwood*

The pink flowers are more persistent than the white.

3 to 4 feet.....\$ 5.00 each

CORYLUS avellana (13' to 15').*European Hazel Nut*

Good for natural plantings—likes half shade.

5 to 6 feet.....\$ 1.25 each

CRATAEGUS oxycantha (12' to 15').*English Hawthorn*

Pure single white flowers, scarlet fruit.

6 to 8 feet.....\$ 2.50 each

EUONYMOUS alatus (9' to 10').*Winged Euonymous*

Corky bark, warm crimson coloring in autumn. Fine specimen shrub.

3 to 4 feet.....\$ 2.00 each

HAMAMELIS virginiana (10' to 12').*Witch Hazel*

Yellow ribbon-like flowers, October and November. Bushy habit, good foliage.

3 to 4 feet.....\$ 1.25 each

LABURNUM vulgare (20' to 25').*Golden Chain*

Blossoms golden in June. Drooping habit. Good lawn tree.

3 to 4 feet.....\$ 1.25 each

MAGNOLIA glauca.*Sweet Bay*

Irregular in habit; foliage glossy, deep green. White and sweet-scented blossoms, June.

6 to 8 feet.....\$10.00 to \$12.50 each

MALUS ioensis plena (10' to 15').*Bechtel Crab*

Delicate pink double flowers, fragrant. Early spring.

3 to 4 feet.....\$ 1.50 each

5 to 6 feet.....5.00 each

— floribunda purpurea (10' to 15').*Purple Crab*

Flowers purple in great profusion. Good lawn tree.

3 to 4 feet.....\$ 1.50 each

6 to 7 feet.....7.50 each

— scheideckeri (10' to 15').*Scheidecker Crab*

Double pink; handsome flower clusters.

3 to 4 feet.....\$ 1.50 each

PIERIS japonica (Andromeda) (5' to 6').*Japanese Andromeda*

Evergreen. Bronze foliage in winter. Clusters of white flowers in May. Partially shaded place preferred.

5 to 6 feet, B. and B. \$ 5.00 each

PRUNUS subhirtella pendula (12' to 15').*Weeping Japan Cherry*

Beautiful graceful tree. Pink blossoms early spring.

5 to 6 feet \$ 6.00 each

— cerasifera pissardi (12' to 15').*Purple Leaf Plum*

Purple leaves and wine red fruit.

- **rosea.** *Pink Weigelia*
 (L) Pink, flower freely, June; vigorous grower.
 3 to 4 feet..... 75c each; 10 for \$7.00

ROSES

Plant Roses in sunny locations, free from interference of other plants. Roses require good drainage and plenty of fertilizer. Dig beds to a depth of 18 inches or more, adding plenty of well rotted cow manure. Plant as early as possible in spring, and do not expose roots to the air unnecessarily before planting. All our Roses are healthy 2 year old, field grown No. 1 plants.

All Roses No. 1, Field Grown,

75c each 10 for \$7.00 100 for \$65.00
 Potted Roses for late planting, \$1.00 each

FERNS

Hardy Ferns make beautiful massed plantings for shady places, along walks, and in shady corners of the rock garden.

Some of the larger varieties will grow in ordinary garden soil, but better results will be had by having a porous soil with plenty of leaf mold.

Ferns may be planted either in Spring or Fall, giving them a light mulch for protection during the winter months.

FOR OPEN SUN CULTURE.

ATHYRIUM felixfemina (Asplenium) (2' to 3').

Lady Fern

Grows in shade or sun. 30c each 10 for \$2.50

DICKSONIA punchilaba. (1' to 2').

Gossamer Fern

Propagates itself by underground rootstalks and if planted in rich porous soil will soon form masses. Will grow in either sun or shade. 30c each; 10 for \$2.50

FOR DRY SHADY PLACES

ASPIDIUM ACROSTICHOIDES (12'')

Wood Fern

An evergreen species with deep green divided fronds. Will also do in wet places. 30c each; 10 for \$2.50

OSMUNDA CLAYTONIANA (2' to 3').

Tuberrupted Fern

In Spring clothed with loose wool. Will also do well in open position. 30c each; 10 for \$2.50

FOR MOIST SHADY PLACES

ADIANTUM PEDATUM (12'' to 18'').

Maidenhair Fern

For moist and well drained situations. 30c each

WOODWARDIA VIRGINICA (2').

Virginia Chain Fern

Very graceful; can be grown in any garden soil.

ATHYRIUM THELYPTEROIDES (Asplenium) (2' to 3').

Silvery Spleen Wort

A thrifty fern growing in any good garden soil.

30c each

FOR WET OPEN GROUND

These are very suitable for border of a lake or low wet ground.

OSMUNDA REGALIS (2' to 3').

Royal Fern

One of the prettiest large ferns. Can be grown in still water 2 or 3 inches deep, setting the crowns just above the water. Also in moist soil in sun or shade.

ONOCLEA SENSIBILIS (12'').

Sensitive Fern

Grows in wet places in sun or shade.

30c each

25c each

FRUIT TREES

The home orchard is coming back into popular favor, for who can resist the beautiful show of blossoms in the Spring and the joys of the luscious fruit in the Fall.

For the small amount of attention given the returns are multiplied a hundredfold.

With modern spray equipment and methods success is assured.

We carry the choicest varieties of Apples, Pears, Peaches, Cherries, Plums, Quince and Grapes.

LAWN SEED

We mix our own lawn seed to meet the most fastidious taste of our clients. Made to give a good turf in a few weeks and with a reasonable amount of care will give a permanently beautiful lawn.

For New Lawns:

1 lb. is sufficient for 30 square yards; 10 lbs. for 300 square yards

For Re-Seeding Old Lawns:

One-half the above amount.

Regular lawn mixture.....65c per lb.; 10 lbs. \$6.00

Shady mixture.....90c per lb.; 10 lbs. 8.50

Bent grass stolons supplied. Prices on application.

GARDEN VIEW LAWN DRESSING

Garden View Lawn Dressing is a scientific plant food prepared by us under Government license, to be used in connection with our landscape work. It contains carefully blended fertilizers, especially adapted for lawn, also ideal for flowers, bushes or trees.

To obtain best results Garden View Lawn Dressing should be applied in early Spring, 100 pounds to from 100 to 150 square yards of grass. The average home grounds require from 200 to 400 pounds. A light application, half of the above amount, may be used in Summer and Fall.

Complete instructions furnished with each order.

Price, 50-lb. bags, \$2.00; 100-lb. bags, \$3.50; 1 ton \$60.00

LARGE TREE MOVING

Estimates will be gladly given on the cost of moving your large trees. We also have a supply of large trees for sale, which are moved and sold with a guarantee. Why wait 20 years for shade?

AQUATIC PLANTS

We have a choice selection of Water Lilies suitable for this climate.
